

STICKER & GLUE REMOVER

Pure

**INGENIOUS
CAR CARE**

Products for professionals

Description:

Sticker & Glue Remover is a powerful, solvent-based cleaner that quickly and effectively dissolves glue, sticker residue, and other sticky substances. Its active formula breaks down glue residue thoroughly throughout the entire application time, allowing it to be easily removed without damaging the surface.

Product benefits:

- ✓ Powerful action, even on stubborn adhesives
- ✓ Long-lasting effect thanks to slow evaporation
- ✓ Prevents adhesive residue from reattaching during cleaning
- ✓ Achieves fast results without the need for aggressive scrubbing

Application:

Sticker & Glue Remover is ideal for removing stickers, adhesive residue, labels and resin from surfaces such as paint, glass, plastic and metal.

Directions for use:

1. Spray Cartec Sticker & Glue Remover directly onto adhesive or residue from stickers.
2. Leave it to work for 1–2 minutes. Leave for a little longer if the adhesive is thicker.
3. Wipe away the dissolved adhesive with a dry microfiber cloth using light polishing movements. If necessary, you can also use a plastic scraper (3023/6).
4. Finally, rub or rinse with a wet microfiber cloth to achieve a completely clean, grease-free surface.

Tips & Tricks:

- ✓ To prevent scratches on sensitive surfaces, avoid using metal tools.
